

SKILLS

TECHNICAL:

- ◆ C# and ASP.NET Core
- ◆ Java Spring
- ◆ Next.JS, Vue.JS
- ◆ Go
- ◆ React Native
- ◆ PHP Laravel
- ◆ Node JS
- ◆ WPF
- ◆ C++, C
- ◆ MS SQL, MySQL, PostgreSQL
- ◆ Network Programming
- ◆ System Programming
- ◆ HTML, CSS, Tailwind

SOFT:

- ◆ Project Management
- ◆ Problem-Solving
- ◆ Communication
- ◆ Analytical skills
- ◆ Teamwork

LANGUAGES:

- ◆ English (Professional working)
- ◆ Russian (Native)
- ◆ Ukrainian (Native)
- ◆ French (Limited working)

INTERESTS

- ◆ Travelling
- ◆ Sports
- ◆ Books / Illustrated novels

SUMMARY

Dedicated and motivated student passionate about software engineering, eager to apply and develop my skills and knowledge in a professional environment. Strong foundation in full-stack web and mobile development, demonstrated through coursework, certifications and personal projects.

EDUCATION

SIMON FRASER UNIVERSITY

Sep 2022 – Dec 2026

BSc. Computer Science – Software Systems

Relevant Courses:

- Object Oriented Design in Java
- Data Structures / Programming
- Intro to Software Engineering
- Database Systems
- Data Communications / Networking
- Operating Systems
- Biomedical Image Computing
- Intro to Artificial Intelligence
- Comparative Programming Languages

STEP IT ACADEMY

Jul 2020 – Jan 2023

Diploma in Software Development

Relevant Courses:

- Object-Oriented Programming Using C++
- Microsoft .NET Framework and C# Programming Language
- Object-Oriented Design. UML and Design Patterns
- Database Theory. MS SQL Server Programming
- Network Programming
- System Programming
- Web Application Development with ASP.NET Core
- Building Web Applications Using Angular and React
- Programming Using Java and Oracle DBMS

CERTIFICATIONS

◆ Data Science and Machine Learning

Microsoft Imagine Academy
June 2022

◆ HTML5 Application Development Fundamentals

Microsoft Imagine Academy
November 2021

◆ Using Data in Software

Microsoft Imagine Academy
August 2021

◆ Database Fundamentals

Microsoft Imagine Academy
July 2021

◆ Working with Non-Relational Data

Microsoft Imagine Academy
March 2021

EXTRACURRICULAR ACTIVITIES

◆ THE HERD

Sep 2023 – Mar 2024

Host

Organized and hosted parties for the russian-speaking community in Vancouver.

- ◆ Hosted events for 100+ people.
- ◆ Developed a website for selling tickets and promoting the events on Java Spring as a Back-end and Next.JS as Front-end.

TECHNICAL PROJECTS

POSTEROID

Nov 2024 - Present

Back-end Developer

Social Media Management Automation Service with AI Content Analysis, automatic publishing and auditory interactions.

- Developed back-end with microservice architecture on Go using Gin HTTP Server, gRPC, RabbitMQ and HuggingFace.

STUDEX

Jan 2024

Back-end Developer and UI/UX Designer

AI-Powered Student Assistant

- Developed back-end with ASP.NET Core, Auth0 and HuggingFace API.

GLOWR

Aug 2023 – Nov 2023

Full-stack Mobile Developer

Appointment Service for Barbershops and Beauty Salons.

- Created mobile application on React Native
- Created back-end using Supabase.

GRIBBLE

Dec 2022 – Jan 2023

Full-stack Web Developer

High Schools, Colleges and Universities management platform.

- Developed Homework microservice on ASP.NET Core
- Developed part of front-end on Vue.JS.

UNIMIX

Sep 2022 - Oct 2022

Full-stack Web Developer

Social Network.

- Developed both front-end and back-end on PHP Laravel.
